2/09/2022

Dear all

In this week's digest:

- Postdoctoral Researcher in Digital Agriculture at the University of Sydney
  Closing date: 25 September 2022.
  Position description: The position is located with the Precision Agriculture Laboratory and will work with an innovative team led by Prof. Tom Bishop and A/Prof Brett Whelan. The projects are in partnership with a leading commercial collaborator, Precision Cropping Technologies and will provide the opportunity to be part of a successful team building advanced, commercially useful data analysis algorithms and precision agriculture management tools while also fostering strong working relationships with a national network of stakeholders including growers, researchers, and commercial advisors.
