

Dear all

In this week's digest:

- The Systems Modelling Team at The University of Tasmania is looking for collaborators to work on modelling soil waterlogging stress, please see further details copied below
- CSIRO Environment has a job opening for a groundwater hydrologist in the Risks to Groundwater Resources Team, based in Adelaide, Brisbane or Perth (<https://jobs.csiro.au/job-invite/87023/>)
- These are the nominations received for office bearers for MSSANZ to be considered at the AGM on Tuesday. Looking forward to seeing many of you in Darwin for MODSIM2023.
